*Good Advice*

Here is advice worth taking seriously, and taking up! It is such a sadness that so few people nowadays stop to listen to what God says and promises. So many seem to imagine that they can cope with the great issues of life on their own, or that there's nothing for it but to do what they can and hope for the best. It's as though there is no God to seek and find, or even if there is, we have no need of Him! Nothing could be further from the truth, and seeking the Lord is the best and most important thing we can ever do.

*Advice for Life*

What better advice could there be than to seek the Lord when we are perplexed and bewildered about the the events of life. God's wisdom is infinite and the Bible explains so much about why things are as they are. It helps us to make sense of life and face up to its challenges in a way that nothing else can.

Supposing we find ourselves saddened or heartbroken because something happens in life that is hard to take. What better advice can there be than to seek the Lord and find comfort from His many promises?

*Advice for Salvation*

Did you realise that the most important reason of all to seek the Lord is your need to be made right with Him? As things stand the greatest problem for us all is that we leave God out of our thinking altogether! Our Godless ways mean we break His law, and this sin of ours is actually the root cause of all our troubles in the world.

### *Avoiding the issue*

Many people have some sort of sense of guilt and fear of meeting God but they try to deal with it by shutting out such disturbing thoughts in the hope that everything will turn out alright in the end. That is the worst thing to do, because the guilt remains and we are left under God's condemnation, the very thing we are afraid of! Our fears will continue to haunt us until that day when God's justice finally catches up with us.

### *A better way*

How much better it is to seek the Lord than trying to run from Him. The good news is that He is willing to forgive our sin and be reconciled to us, provided that we come to Him in the right way.

He sent His Son Jesus Christ into the world to save sinners like us by giving His life for our sakes on the cross of Calvary. If we confess our sin to God, trust the Lord Jesus to save us, and turn away from the sin in our lives, then He will certainly forgive us. All that guilt will be taken away and our fear will be gone for ever!

### *Do not delay!*

The advice is to *seek the Lord while He may be found*. The best thing to do is to seek Him here and now, rather than put it off until it is too late. Will **you** seek Him? If you do so sincerely you will surely find Him and His mercy, salvation and peace will be yours.
